Straws are here!

We desire to call attention not so much to the fact that they are HERE—but that they are THERE.

We selected each number as carefully as a District Attorney gathers together his evidence, and there isn't one single hat in the whole line that we wouldn't feel justified in recommending for style and quality to our richest Uncle.

Among them, there is a braid, brim and block to fit and become every sort of brow and the prices of

\$3.00 to \$10.50.

will seem reasonable indeed when you start to try them on.

REPUBLICANS IN OHIO DIVIDED

HOTTEST FIGHT WILL BE STAGED
IN TOMORROW'S PRIMARY BETWEEN HARDING AND WOOD.

Columbus, O., April 29.—One of the hottest fights waged within the ranks of the republican party in Ohio in years is expected to be decided in the state-wide presidential primary tomorrow when Warren G. Harding, senior United States senator from this state, and Major General Leonard Wood, contend for republican preference and the delegation to the Chicago convention.

A complete list of candidates for district delegates and delegates-at-large, pledged to Senator Harding, is on the ballots while candidates for delegates, pledged to General Wood, have been entered in all except three of the districts and two candidates, avowedly for General Wood, are running for delegates-at-large.

The Harding candidates for delegates-at-large are former Governors Frank B. Willis and Myron T. Herrick; Mayor John Calvin, of Cincinnati, and H. M. Daugherty, an attorney of Columbus. The Wood delegates-at-large candidates are former Attorney General Edward C. Turner, of Columbus, and Attorney William H. Boyd, of Cleveland. Four are to be elected.

In general the Wood organization is headed by men who were prominent in the Progressive party in 1912. Senator Harding's campaign for the most part is in the hands of men affiliated with local party organizations.

While there are no distinct sets of Wood candidates for delegates in the two Cincinnati districts, the candidates for delegates in the two Cincinnati districts, the candidates in these districts are pledged to Harding as first choice and to Wood as second choice. In the three Cleveland districts the Harding candidates are pledged to Senator Hiram Johnson as second choice while the Wood delegates are pledged to James R. Garfield as second choice.

So far as the democratic party is concerned Governor James M. Cox has a clear field without opposition, for all candidates for delegates are pledged to him.

REMOVES CAUSE OF HEADACHE

Doctors Condemn Remedies that Merely Relieve the Pain—Claim Aspirin Also Removes Cause.

Doctors and druggists are delighted with Aspirin, the new elixir that relieves headaches (and colds) within two minutes and also removes the cause and prevents the return of headache the next day by gently acting on the liver, correcting biliousness and constipation which are usually the cause of headaches.

The next time you have a headache go to your nearest drug store, hand the clerk half a dollar for a bottle of Aspirin and tell him to serve you two teaspoonsful, in a little water. With your watch in your hand count off two minutes and call for your money back, as per manufacturer's guarantee, if you can't feel your headache fading away within the time limit. Your druggist invites you and expects you to try Aspirin. Everybody is doing it.—(Adv.)

DAVIS OUT FOR SCHOOL OFFICE

ANNOUNCES AS CANDIDATE FOR
THE OFFICE OF SUPERINTENDENT OF PUBLIC INSTRUCTION.

At the earnest solicitation of many friends, voters of Escambia county, I respectfully announce my candidature for the office of superintendent of public instructions.

In placing myself before you as a candidate, I do so fully assured that I am absolutely competent to serve you in that capacity. I have lived among you for nearly twenty years, suffered with you in turn the adversities providence has at times seen fit to visit upon us, and rejoiced with you in the happiness of a prosperous community.

My children were reared within the boundaries of Escambia county, knowing no other home.

I advocate to the fullest extent, schools adequate to the requirements of our growing population, and the best of teachers, preferably those of Escambia county, that money can obtain, for be it remembered that the children of today are the mothers, teachers, statesmen, professional men, merchants and brawn and muscle of tomorrow.

My business qualifications, trained for many years in one of the greatest if not the greatest business concern in the world, together with my knowledge of the legal profession, amply fits me to serve you in this important office, and I respectfully solicit your support and confidence.

ARTHUR W. DAVIS.

AUTOPSY HELD ON GIRL'S BODY

DEATH OF NINA INGRAHAM INVESTIGATED BY CORONER JOHNSON WITH JURY.

That Nina Ingraham, 16, who died late Wednesday night, was normal until a day or two before her death, was the report of the two physicians who performed an autopsy on the body by order of Coroner Johnson yesterday afternoon. Dr. T. H. Stokes, accompanied by Dr. F. G. Renshaw, were appointed to make investigation.

The committee offered a suggestion that the stomach be sent to Jacksonville for further investigation to determine whether or not poison was the cause of the death of the young woman.

The coroner's jury was summoned yesterday morning by Judge Johnson but was adjourned pending the report of the two physicians, until this morning. Several witnesses have been summoned to the hearing today and the cause of the young woman's death will be investigated to the fullest.

Miss Ingraham came to Pensacola from Flomaton recently and has been living on W. Jackson-st. The peculiar circumstances and suddenness of the death of the girl caused a suspicion that poison had been administered and caused Judge Johnson to make an official investigation.

HIGH SCHOOL BEATS TORRE SCHOOL 16 TO 5

Yesterday afternoon at Maxent Park the High School team walked off with the Torre School graduates to the tune of 16 to 5. The game was uninteresting except for the slugging of the High School lads. The Torre team included several shipyard players and the game started off as if Torre would win but High School found its batting eye and drove Wheat from the mound. The batteries for Torre were Wheat, White and Sarra; for High School, Reese, Ferguson and T. Johnson. Saturday it is expected that High School will go to DeFuniak to play Walton County High.

FORT BARRANCAS TRIP INDFINITELY POSTPONED

No trip will be made to Fort Barrancas by the delegation of business men of the city, the trip having been postponed indefinitely yesterday. It was originally planned to make the trip on the steamer Swarthout, the party to return late in the afternoon.
